Elba Industrial Development Board meets

Members approve motion approving July action of transferring funds to city

by Linda Hodge, Editor

The Elba Industrial Board met Monday morning, Oct. 31, at 7:30 a.m., with several items on the meeting's agenda.

A financials report showed a transfer of \$131,742.82 from the City of Elba Industrial Development Board (IDB) bank account in July 2022. The explanation for this line item was transfer to purchase property.

During Monday morning's meeting, Elba Mayor Tom Maddox further explained this to board members. He said the monies had been left in the bank account left from a potential industrial project that had been identified a few years ago; however, that project never came to fruition leaving the funds in the account.

The mayor said the funds should have reverted back

to the city already when the previous project fell through, but all involved had simply let it sit in the account.

Maddox said a new potential project was identified earlier this year for the city when it was in the 'running' for a regional mental health diversion center that the South Central Mental

Health Board was seeking a locate in the area. Maddox said the city's attorney cited Alabama Code 11-54-93 (disposition of net earnings of boards) as a valid reason to transfer funds from the

IDB to purchase property the city hoped the center would be built on if Elba was the chosen city for the new center.

"I would have liked to have been notified ahead of time and been involved in discussions," Industrial Development Board member John Holley said regarding the transfer of funds.

The transfer of funds was made, the city purchased the property, but Elba was not chosen to house the center.

During Monday's meeting and since the Industrial Development Board had not met prior to discuss the matter, the mayor suggested the board approve a retroactive motion to allow use of the funds for the property that was purchased by the city. He indicated the suggested move would help clear up any confusion and have the matter recorded in a public meeting for the board.

Board member John Holley wondered why even have an Industrial Development Board if the members of that board are not going to be involved in such decisions. Also, he questioned if the city does not need their vote to move the monies around what's the point of the board.

Board member Jake Cowen followed up asking if the matter was more of a need to approve a motion to allow the transfer of the monies back to the city for the city to use those funds, rather than the Industrial Development Board approving a motion to buy the property.

"I would have liked to have been notified ahead of time and been involved in discussions," Holley said regarding the matter.

He further asked why the city had not gotten an option on the land rather than purchasing it before

Elba City Council approves Fiscal Year 2023 budget

by Linda Hodge, Editor

The Elba City Council approved its Fiscal Year 2023 budget during its Monday, Oct. 24, meeting, at just over \$4.7 million for total anticipated revenues.

The sub-total operational revenues for the city's budget were estimated at \$3,545,000 with \$788,130 expected in cash transfers from the Elba Water and Electric Board for a total of \$4,333,130. The Fiscal Year 2022 budget, as of September, had total operational revenues were 4,110,271 while the budgeted total was \$4,062,130.

The new budget also anticipates \$376,000 in restricted revenues bringing the Fiscal Year 2023 grand total for revenues to an anticipated \$4,709,130 compared to \$4,479,371 for Fiscal Year 2022.

Looking at expenditures, the city spent \$3,516,125 in Fiscal Year 2022 as of September while it had budgeted \$3,647,584. The budgeted expenditures approved in the new Fiscal Year 2023 budget are estimated to total \$4,275,838. The highest of those expenditures will be salaries at \$2,028,621 up from \$1,496,253 as of September

for the Fiscal Year 2022 budget.

The new budget also approved departmental capital expenditures. The city's various departments requested capital expenditure totaling \$1,330,820, however, the city leaders only approved expenditures in the amount of \$442,850 with some of those expenditures requiring the city to dip deep into its reserve funds line item to make the purchases. Just over \$114,000 will come from reserves funds to cover requested expenditures, according to the budget line items.

The biggest discussion from council members were expenditures for the police and fire departments. The fire department had requested a new fire truck and fire-fighting equipment (\$135,000) for its Fiscal

Year 2023 expenditures. The police department had requested three new police cars, a side by side vehicle, repair to the police department, and a police firing range expenditures (\$205,000).

The budget as first presented to the council had no expenditures approved for the fire department and \$140,000 approved for the police department. Council member Gappa Wise said he felt it only fair to provide at least some funding to the fire department.

Council member compromised and agreed to fund the \$35,000 in fire-fighting equipment for the fire department while only funding one new police car and a used vehicle for the animal control officer for

Some adults even admit the only reason they attend Pumpkins on the Square is to get a cup of those "good 'ole boiled goobers!" Above, Coffee County farmer and Farm-City volunteer Max Bozeman is shown scooping the cups full of peanuts Monday evening for all to enjoy.

"He turned his life around. He used to be depressed and miserable. Now he's miserable and depressed." – David Frost

As of last Friday, over 100 lawsuits have been filed against the November elections . . . which haven't even been held!!

The Powerball lottery winning pot was at \$1 billion as of Monday morning, P. S. No winner Monday night – the pot got bigger for the Wednesday night drawing (but the odds are still awfully high). There are people in 45 states buying and selling those tickets, but not in Alabama. We have no idea if there will be (was) a winner Wednesday night or not . . . there is a 1 in 292.2 million chance that any particular ticket will be the winner. A person has far better odds of being elected president of the United States!! That suggests the best way to double your money is to fold it and put it back in your pocket rather than driving across the Florida (or Georgia) state line and giving it away. However, we can't help but wonder how it would feel to win that pot of money. Our conclusions are that it would be miserable! Kin folks and friends would come out of the woodwork wanting a 'loan' or maybe a plain old "handout". Also, the number of worthy charities requesting donations would far exceed the number we thought existed. While many of the requests would probably be legit, hundreds of others would seem unworthy and failure to give them money would create bitter enemies. Therefore, our life will be much simpler by letting someone else dream about that 'one in a 292.2 million' chance of having more money than any one person could ever need by folding our two one-dollar-bills per ticket and carefully replacing them in our pocket.

Auburn University has announced they are seeking a different football head coach. Coach Bryan Harsin still had several years left on his contract and the school will be paying him something more than \$15 million – for not working at Auburn! Now, forget the Powerball lottery, sign me to one of those Auburn coaching contracts and you can fire me the next week! No hard feelings.

As expected by the Washington experts, former president Donald Trump has again appealed a court decision to the U. S. Supreme Court. This one has to do with his personal income tax records. It is true that all Americans have the legal right to appeal a court decision, any court decision, right on up to the Supreme Court. However, if the entire population of America started appealing everything they disagreed with right on up to the Supreme court, the country would need twenty Supreme Courts! When the U. S. court system was set up it was assumed that only a select few cases, those with constitutional questions, would be appealed to the one U. S. Supreme Court. Trump's cases are just a small part of the trend to appeal, appeal, appeal. P.S. On Monday he gained another, of many, delays in the income tax returns matter.

Be safe, wear your mask when appropriate, social distance, wash your hands AND get the shot(s) and/or boosters (the newest one)!

Elba beautician retires after 50 years of service

A career spanning 50 years came to a close last Friday, Oct. 28, when Elba beautician Edna Morrow hung up her scissors.

Morrow began her long career of cutting and styling hair in 1972 at the Magic Mirror with Bertie Boland, Elaine Bryan, and Gloria Jinright. When the day came for Boland to retire and close the Magic Mirror, Morrow and her clientele moved to Edna and Gloria's Beauty and Barber Shop – both businesses were located on the square in downtown Elba, just different sides.

Last Friday, family members, customers, and friends hosted a "Come and Go" retirement celebration for Morrow at the beauty shop from 10:30 a.m. until 5:30 p.m. It was definitely a day for the Elba history books, and the entire community wishes Morrow well in her retirement!

Edna Morrow, left, is pictured with Bertie Boland, right, last Friday morning during Morrow's retirement celebration at her beauty shop. The two ladies worked decades together at The Magic Mirror before Boland retired several years ago.

BASIN BAPTIST CHURCH CHILI COOKOFF WINNERS...As part of the fall celebration activities last Sunday evening, Oct. 30, at Basin Baptist Church, the men of the church competed in the annual Chili Cookoff Contest. Reportedly, the men take this contest very seriously with some beginning their chili prep work several days in advance. Once judging is complete each year, those in attendance for the fall celebration enjoy the prepared chili for supper. This year's bragging rights as winners went to: (from left) Keith Mattress, second place; Sam Self, winner; and Jason Farris, third place.

Cuzin Lou Lou is convinced youth sports just might be better from time to time if the adults were left out of the equation!

With her 'day job' Lou Lou has attended many youth sporting events in the Yonder area over the years, so, she has seen and heard a lot. Last weekend, she and Sister attended a local youth football event, and there was one man in particular that Lou Lou wanted to get ahold of and wash his potty mouth out with soap!

Granted the man was most likely not enjoying the game because his favorite team was not doing well against their opponent, but that is no excuse for his actions.

Lou Lou and Sister were hanging out in the endzone area which put them in a perfect [or horrible] spot to hear the man when he threw his tantrum. One of the young players from his favorite team was on the ground with an injured arm. The coaches came onto the field to check on the little guy – first coach to him was encouraging the young guy to jump up saying, "you're okay, man!" Another person questioned 'what happened' and that is when Mr. Potty Mouth spoke up.

He yelled at the officials to "open your [insert very inappropriate explicit word] eyes, and you would see what happened." He was obviously upset that football is a contact sport that sometimes results in bumps and bruises that hurt because Lou Lou saw nothing happen to the young man that warranted such an outburst.

The head official [who just happens to be a minister outside of his sports officiating] quickly turned his attention to the man letting him know those kinds

of words would not be tolerated around the youngsters, and that if he did it once more he would be asked to leave. Also, the recreation leader of the host team went to the man also encouraging him to pipe down.

Of course, the man was none-too-happy with his scolding, but he did stop yelling potty words in front of the children.

Lou Lou utilized her trusty camera by pointing it in the man's direction to snap a few photos. Sister immediately asked, "what in the world are you doing?"

"I'm getting his photo in case he causes more trouble," Lou Lou said. "He should be ashamed of himself talking that way in front of children, and I will help them get rid of him if he does it again!"

"Well...don't let him see you take his picture. He might come over here," Sister scolded!

"Let him!" was Lou Lou's response. "I might have a thing or two to say back to him the way he just acted."

Sister just shook her head and told Lou Lou she was going to get them in trouble one day because people are just CRAZY!

Lou Lou has thought often about that scene since it happened, and she just does not understand people who think it is appropriate to speak/act in such a manner as that young man did...it is never a good idea, but it is just downright offensive to do it in front of children. Lou Lou can only hope he regretted his actions later when he cooled off a bit.

As adults, we must DO BETTER in how we act in front of children. They are watching and listening whether we realize it or not!

Until next time...God Bless and Keep Smiling!

Elba business celebrates 30 years

On Friday, Oct. 21, Elba business, EDSCO, celebrated 30 years of business with a Customer Appreciation Luncheon. Many well-wishers stopped by between 11 a.m. - 1 p.m. to congratulate the owners/employees on the milestone. A tasty lunch also was served to those who attended the event.

EDSCO was opened in 1992 by Daniel Stephens and Ed Gannon, and Gannon sold his interest in the company to Stephens in 1995. Stephens retired in 2011 and sold the business to Whitworth.

Stephens said employees like Gene Strickland and Scotty Moulton helped build the business to make it a success. Whitworth began her professional career in 1999 at EDSCO in 1999 after high school. She said it was a dream to be able to eventually purchase the business from Stephens.

Today, EDSCO has grown from two to 16 full-time employees. It is a full-line distributor of dependable fasteners including nuts, bolts, washers and screws. It has a manufacturing facility to produce anchor bolts, concrete anchor bolts, large

the police department this year. Also, half of the funds requested for the police firing range were approved.

The street department had several equipment items requested for the budget, but many of those were not approved this year, including a new backhoe, dump truck, shop truck, street sweeper, and ranger. However, the city leaders did approve funding one full size truck, a Super Z lawnmower, tractor, bush-hog, and levee camera inspection equipment for Fiscal Year 2023.

The council approved a roof repair for the senior center in the expenditures, along with some equipment needs and seasonal employee hires for the parks and recreation department.

After all changes were made to adjust the proposed budget, council members voted unanimously to approve the Fiscal Year 2023 budget for the City of Elba.

Also, during the meeting, city clerk Sally Bane said bid openings for the renovations to the new Elba

Chamber of Commerce office would take place on Friday, Nov. 4, at 10 a.m. She added that an engineer had agreed to look at the levee gate on the Pea River bridge for a cost of \$2,800. Bane said businesses needing cardboard box pickup are still reminded to call city hall to get on the Friday pickup list. She said businesses are asked to have their cardboard by the road by 10 a.m. each Friday.

Council members were told to mark their calendar for the Elba Christmas Parade. It will be Monday evening, Dec. 5, this year.

What Happens to One's Facebook Profile when they Die?

Millions of people are active on Facebook every single day. However, have you ever wondered what happens to your profile when you pass away? Does it remain frozen in time? Does it eventually disappear? As it turns out, that is up to you and your family. There are two options when it comes to handling your Facebook profile after death:

1. You can choose to have it memorialized. You can opt-in your setting to have your profile memorialized. Doing this means it will be locked so no one can log in as you, but your Facebook friends can still make posts and share memories. All of your previous posts and pictures will remain intact, and this can be an excellent way of letting others reminisce and helping to keep your memory alive.
2. You can choose to have it deleted. You may decide that once you pass away, you want your Facebook account removed entirely. In this case, your entire profile and everything you have posted will permanently be deleted. Your family can also request to have the page removed after you die but must submit a special request with Facebook that must be approved.

You can also choose a legacy contact, which is a person from your friend list that you designate to manage your account. They cannot log in as you or read your messages, but they can make posts, change your profile and cover photos, and respond to friend requests.

CHURCH NEWS

Rainy weather did not stop the children and youth at Basin Baptist Church from enjoying a little fall fun Sunday evening, Oct. 30, at the church. As shown above, the youngsters enjoyed carving pumpkins as part of the church's Fall Festival Celebration. There were lots of fun, cute designs created by the group, but the best part was the laughter coming from all as they worked on the creations. Each was able to take his/her pumpkin home at the end of the night.

Faith in God works similarly. God's track record of authority, power, expertise, etc., convinces us to trust Him. That trust results in faith. Then we act according to that faith. Our behavior, the way we live, then becomes evidence of our faith – evidence for all to see. – L.M.W.

She believed her doctor when he told her that the best chance she had was to follow his instructions and received the treatments. Even though she lost her hair and felt event worse from the medication, she followed the regimen faithfully.

When treatments ended, the doctor pronounced her free of cancer – and she was. She celebrated with friends and family. She trusted her doctor because of the evidence of his expertise, and that trust proved justified. Notice the sequence: evidence of experts gener-

Elba's Pumpkins on the Square continues to be a huge success

The Elba Chamber of Commerce, in conjunction with the City of Elba, hosted its annual Pumpkins on the Square event Monday night, Oct. 31, for Halloween.

Over the years, Pumpkins on the Square has grown into one of Elba's largest events as the evening celebrates children with merchants, churches and other organizations passing out candy to the youngsters dressed in costume. The night also is filled with entertainment, food, a haunted hayride, jump houses, and more!

The biggest thing Pumpkins on the Square seems to do, however, is bring loads of smiles

and fun for both young and old as the community comes together to celebrate the fall season. Also, Pumpkins on the Square brings traffic into Elba, which in turn generates dollars being spent at the local businesses.

The downtown square streets filled with people and the parking spots all across the city filled with vehicles signified yet another successful event hosted by the Elba Chamber of Commerce.

This weekend, the Chamber is encouraging citizens to shop for the holidays as several Elba merchants will be having 'Holiday Open House' sales across the city!

Pictures from the Fall Festival at Elba Elementary School...

The Elba Elementary School PTO hosted its annual Fall Festival fundraiser last Thursday night, Oct. 27, and the event was deemed a huge success for the parent-led school support organization.

From games for the youngsters, to a chili cook-off and silent auction, there was plenty for everyone at this year, and the halls of Elba Elementary School were filled with laughs and smiles as all involved had a grand time.

Event organizers said they were well pleased with the funds raised this year, and they hope to discuss at upcoming meetings ways to use the monies to help teachers and students at the school.

Bowls of chili and chili dogs were a huge success during this year's EES Fall Festival. Community members/parents made chili to be judged in a chili cookoff contest and then the prepared was served to those in attendance (for a small fee) in either bowls of chili or on top a hot dog. As one can imagine, this table stayed busy the entire evening!

The 'Cake Walk' game was conducted in the EES Library, and this fall festival attraction stayed busy as youngsters tried to win either a cake or cupcakes to take home! Many of these also were donated for the event.

Facepainting is always a popular event at the EES Fall Festival, and this year was no different as the little ones kept the artists busy throughout the event.

Horseshoes was among the games for youngsters to play this year, and many enjoyed giving it their best throw to win a prize!

Byrdie Forbes was all smiles in her pumpkin costume as she attended the EES Fall Festival with her family last Thursday evening!

Many of the Elba High School students helped with the fall festival with the "Haunted Hall" being one of their favorites to volunteer to work. Reports from the hall and screams that could be heard indicated the teens did a "good job" in creating scares with this year's haunted attraction.

Our youngest grandson and his Mom paid a visit to Elba over the weekend and while he did spend a lot of time whining, it was a great visit and we did get to see him smile and try to copy what we said. I would whine too if all I got to eat was powder mixed in water, but I guess until he gets a little older that is all that's on the menu. Don't worry, his granddaddy will make sure he enjoys his meals a little more as he gets older!

For what it is worth....

*** *The Elba Tigers took care of business* last week in their regular season finale with a 31-0 region road win over McKenzie, and for the second straight week did what it had to do and then turned matters over to the reserves to run out the clock in the second half. The Elba offense ran the ball as usual and averaged 10 yards per carry, while the defense recorded its first shutout of the season thanks to a goal line stand by the reserves in the fourth quarter. It was a big win for the Tigers and hopefully will keep them determined to keep getting better and making even more noise in the playoffs.

*** *It was another so-so-week for the teams* in the area as Kinston and Brantley posted wind and Zion Chapel and New Brockton tasted defeat. Looking back, the Kinston Bulldogs went on the road and showed real pride and determination in their 18-15 win over a solid Houston County team, while Brantley scored on the first play of the game and never looked back in a 53-25 win that reminded Florala that there is still work to do before the Wildcats join the ranks with the top teams in the region. Zion Chapel for some reason hosted third-ranked Reeltown for senior night and got while the Rebels came out on the short end of a 40-8 final score, they did learn just how good other teams in the 2A ranks can be, New Brockton was outscored by Northside Methodist 48-18 in a televised game from Rip Hewes Stadium, in Dothan, and despite the lopsided loss did get to close the season on the big screen.

*** *A few notes about the now completed* regular season in high school football * Elba punted only once in the month of October and didn't punt at all in its final three games * Zion Chapel's three wins were more

than the Rebels had compiled in the last two seasons combined and gave up its fewest points in eight years * New Brockton posted an 0-10 record for the first time in 22 years and surrendered 409 points, the most ever by the Gamecocks * Kinston was disappointed with its 4-6 record after winning eight games a year ago, but needs to remember the four wins were the third most in any season in the last seven years * Brantley didn't win its region title for the first time in four years, but is only one win away from joining the '600 Win' club * Fyffe has now won at least 10 games for twelve straight years * T.R. Miller is the winningest team all-time in the state with 717 wins * Meek posted a 10-0 record for the first time in 36 years * Vincent won nine games for the first time in 42 years * and, Fultondale went 0-10 for the first time in 59 years.

*** *I know it is considered bad luck* to look ahead in tournament play, and while I am very superstitious, I just had to take a peek at the brackets in the classes in the football playoffs to see what could be waiting for the fans in week number two, and found some very interesting possible round two match-ups. If opening round games hold true to form, which I admit is rare, Class 1A will be filled with classic contests with Maplesville hosting Leroy, Linden hosting Brantley, Elba hosting Sweet Water and Millry hosting Loachapoka. Other possible match-ups that caught my eye included (2A) G.W. Long at Reeltown and Highland Home at Ariton, (3A) Opp at St. James and Trinity at Houston Academy, (4A) Andalusia at American Christian and Handley at T.R. Miller, (5A) Eufaula at Demopolis and Selma at Charles Henderson, (6A) Pike Road at Homewood and Pelham at Carver, (7A) Auburn at Foley and Enterprise at Central, Phenix City. I know there will no doubt be upsets in the opening round that upends the apple cart. However, this year looks like a very exciting playoff season for all the teams in the state.

*** *Auburn continued to send its fans home early* from Jordan-Hare Stadium again over the weekend in a two-touchdown loss to Arkansas. The loss was just the latest in what has become a nightmare for many AU fans, and one that will only get worse since many of the players are now making a fast exit from the once-proud program.

*** *Ye Ole Polish Prognosticator* dropped by over the weekend to get his playoff passes and declared maybe the AHSAA needs to install a 'I quit' rule for teams that trail big at the half and the coaches that are ready to go home. He said last week's six minute quarters with a running clock in the second half of the Elba win over McKenzie was a waste of time for everyone but the fans that were ready for the long ride back home. I agree that six minute quarters are a bit drastic, and would recommend ten minute quarters after one team concedes defeat. Anyway,

the local guesspert hit on 22 of his 24 picks last week and said he hopes his luck holds out in the post-season since he will pick many games involving teams he knows nothing about. Here are this week's playoff picks...

ELBA VS. CHOCTAW COUNTY

The Pea River felines may have to worry a little bit about losing some fur Friday night when a tribe of Indians from over in the west part of the state come to town looking for scalps. The guess here is the felines will use their homefield advantage to keep their distance from the invaders and will survive and move on to round two.

The bulldogs from across the creek will be back at the pound this weekend and will have to chase away a litter of stray cats if they want to keep their state title hopes alive. While these kitties may cause some problems early on, look for the 'dogs to take charge and send the kitties back across the creek.

Elba Tigers host Southern Choctaw in round one of 1A playoffs

The Elba Tigers will be looking to continue their winning ways Friday night when they host the Southern Choctaw Indians, in the first round of the Class 1A state high school football playoffs, at Tiger Stadium, in Elba.

Elba will bring a 10-0 record into the game and will enter the game as the #1 seed in Region 2, while Southern Choctaw will enter the playoffs with a 3-6 record and is the #4 seed in Region 1.

Elba has a 51-29 playoff record, including a 20-13 record in first round games, while Southern Choctaw has a 47-25 playoff record and is 20-8 in first round action.

"Southern Choctaw has a solid football team with a lot of good looking athletes," said Elba Tiger head coach Marc Sieving. "We have some bumps and bruises like all teams after ten regular season games, but feel like we are in good shape and the players are excited about the playoffs starting this week. It is now time to take every game one game at a time, because a loss will end your season, no matter what your record is. We know we still have a lot of things to improve on and will keep working. The second season will kick off Friday night and we still have a lot of goals we have yet to achieve."

it is easy to see why they are a running team."

Elba posted its first 10-win regular season since 2014, but its eighth overall 10-win season in the last 14 years, and is the only high school team in the history of the Alabama Sports Writers poll to be ranked #1 in four classifications (1A-2A-3A-4A).

The Tigers averaged 42.9 points a game in regular season action and scored forty or more points in seven games, while the defense allowed an average of 12.9 points a game and held seven foes to one touchdown, or less.

"We were able to play a lot of people the last two weeks and should be in good shape entering the post-season," added Coach Sieving. "We have some bumps and bruises like all teams after ten regular season games, but feel like we are in good shape and the players are excited about the playoffs starting this week. It is now time to take every game one game at a time, because a loss will end your season, no matter what your record is. We know we still have a lot of things to improve on and will keep working. The second season will kick off Friday night and we still have a lot of goals we have yet to achieve."

Elba Tigers and Tiger cheerleaders stopped long enough for a short celebration last week before leaving McKenzie after closing the regular season with a perfect 10-0 record.

Southern Choctaw won its final two games to make the playoffs for the first time since 2018, and this season has been the continual rebuild of the Indians football program after sitting out the 2020 season due to Covid.

The Indians own wins over McIntosh 22-21, J.F. Shields 44-8 and Fruitdale 44-30, while losing to J.U. Blacksher 34-6, Millry 44-8, Florala 38-20, Marengo 32-14, Choctaw County 22-16, and Leroy 54-6. The Indians have averaged 20 points a game and allowed 31 points a game.

While the Southern Choctaw football program has struggled in recent years, it has a rich history on the gridiron that include three state championships

(1998-1999-2002) and 15 region crowns.

Coach Jeremy Noland is in his 14th year the helm of the Indians and has a career record of 68-77.

"We have been building all season to get where we are and feel we are getting close to becoming a very good football team," added Coach Sieving. "I have told the players the perfect record and the region title no longer means anything, and that means we still have work to do."

When asked about last week's 31-0 win over McKenzie, Coach Sieving said, "It was a good win and one we are proud of. McKenzie played hard and it took a team effort to bring home a win. We were glad that we got ahead early and

the younger players got the chance to gain some valuable experience. Our starters played well and so did the number two's. I was especially proud of

Alex Wisecup, who kicked a 42-yard fieldgoal and hit all four of his extra-points, Alex has worked hard and is a big part of this team and its success."

Brantley hosts Choctaw County in playoff opener

The (8-2) Brantley Bulldogs will be in the friendly confines of Coach David Lowery Stadium Friday night when they kick off the Class 1A high school football playoffs against the (4-5) Choctaw County Tigers.

The two teams have both been playing high school football for over 100 years, but have never met on the gridiron during regular season or playoff action.

The Bulldogs will

enter the playoff opener averaging 40.3 points a game and allowing 14 points a game, own a 77-37 playoff record and are 34-7 in first round action.

The Tigers will come to town averaging 22.8 points a game and allowing 19.4 points a game, and will be making their first post-season appearance in 19 years. The Tigers have an 8-12 playoff record, including a 5-7 record in first round action.

Tigers manhandle McKenzie 31-0

The Elba Tigers put the finishing touch on an undefeated regular season Friday night with a 31-0 region road win over the McKenzie Tigers.

It was the Elba defense that put the first points of the night on the scoreboard as on the fourth play of the game the Tigers Cayden Adkins picked off a pass and rambled 43 yards down the sidelines for a touchdown. Alex Wisecup kicked the extra-point, and with 9:50 remaining in the first quarter Elba was already on top 7-0.

Elba began its first offensive series near midfield after a McKenzie punt and went 52 yards in four plays to add to its lead. An apparent 40-yard touchdown run by JT Coleman was wiped off by a penalty flag. However, the flag only delayed the Tiger touchdown as two plays later Alvin Henderson broke loose and raced 17 yards into the endzone. Wisecup added the extra-point as Elba's lead grew to 14-0 with 5:15 left in the quarter.

The Tigers next possession began at the McKenzie 47-yardline after another punt and it again took the Tigers four plays to reach the endzone. Alvin Henderson scored his second td of the quarter on a 24-yard dash, and after Wisecup booted the extra-point Elba's lead was up to 21-0 with 1:08 still left in the first quarter.

The Tigers put the ball in play at the McKenzie 21-yardline early in the second quarter after a fumble recovery by Brayden Johnson and appeared headed for another score, but a penalty flag on third down backed Elba up to the 25-yardline, and Alex Wisecup salvaged three points for the Tigers as he boomed a 42-yard field-goal to up the lead to 24-0 with 8:13 left in the quarter.

Elba began its next offensive series at the McKenzie 38-yardline after yet another punt and

this time needed only three plays to reach paydirt, with Alvin Henderson scoring his third td of the half on a 30-yard sprint up the middle. Wisecup's extra-point try was successful, and with 4:25 left in the half the Tigers were in complete control with a 31-0 lead.

Elba's Alvin Henderson appeared to score his fourth touchdown of the half on a 59-yard run down the sidelines late in the second quarter, but a penalty flag nullified the score and he Tigers went in at intermission still on top 31-0.

The second half consisted of two six-minute quarters with a running clock, and while the half was non-stop on the clock, the Tigers did have time to have a goal-line stand after McKenzie had the ball first down and goal at the Elba 1-yardline, got to watch Cassidy Carpenter carry the ball eight times for 61 yards and put the final touch on a perfect 10-0 regular season with the 31-0 road win.

Alvin Henderson rushed six times for 118 yards and three touchdowns to lead the Elba offense, while Cassidy Carpenter rushed for 61 yards on eight carries and Brayden

The Kinston Bulldogs closed the book on the 2022 football season Friday night with an exciting 18-15 region road win over the Houston County Lions.

Houston County got on the scoreboard first as the Lions went 40 yards

Kinston turned the ball over on downs at the

Houston County 40-yardline on its ensuing series, but regained possession at the Lions 38-yardline after an unsuccessful faked punt on fourth down and this time reached the endzone as the Bulldogs went 38 yards in five plays. The score came on a 16-yard touchdown toss from Cale Sumblin to Dylan Davis, and whole the extra-point try failed, the Bulldogs had pulled within 7-6 with 7:56 remaining in the half.

Jeb Crosby rushed for 17 yards on five carries to carry the load during the scoring march, while Cale Sumblin capped off the drive with a 16-yard touchdown run. A two-point attempt failed to add points; however, with 9:11 left in the third quarter the Bulldogs had opened up an

18-7 advantage.

Houston County began its initial possession of the second half at its own 45-yardline and the Lions went 55 yards in seven plays to cut into the Kinston lead. Azariel Todd rushed for 21 yards on three carries and capped the scoring drive with an 8-yard touchdown run, and Todd also ran in the two-point conversion as Houston County pulled within 18-15 with 5:43 remaining in the quarter.

Kinston punted on its next two possessions, but the Bulldog defense picked up the slack as it twice turned back the Lions, including once on a fourth down play at the Kinston 18-yardline.

Houston County threatened again late and drove to a first down at the Kinston 14-yardline in the closing minute of the fourth quarter, but the Bulldog defense was again up to the task and when a 37-yard field-goal attempt failed find the up-rights, Kinston had escaped with the exciting 18-15 region win.

Cale Sumblin rushed for 84 yards and one touchdown on 17 carries and completed one of six passes for 16 yards and one td to lead the Bulldog offense, while Jeb Crosby added 67 yards and one touchdown on 23 carries.

Brantley flattens Florala 53-25

From combined reports
Photos by Cody Nichols

The Brantley Bulldogs put their stamp on the #2 seed in the region standings Friday night with a dominating 53-25 region road win over the Florala Wildcats.

Brantley wasted little time letting Florala know it had come to play as on the game's opening play Jayden Parks connected with Jon Bush on a 53-yard touchdown toss to put the Bulldogs on top 6-0.

A 30-yard run by Robert Shine and a 30-yard pass from Parks to Kedrick Brown helped Brantley overcome a rash of penalty flags on its next possession, which was climaxed with a 4-yard scoring run by Jayden Parks as the Bulldogs lead quickly grew to 14-0.

A 35-yard pass from Jayden Parks to Jordan Parks pushed the Bulldogs lead to 20-0 early in the second quarter, but Florala showed signs of life after the third Brantley touchdown and finally found the endzone on its own when Dalton Jackson scored on a 1-yard run and added the extra-point to pull the Wildcats within 20-7 with 9:52 left in the half.

The cheering on the Florala side of the stadium didn't last for long; however, as Brantley added three more scores before the end of the half to open up a big 39-7 halftime advantage.

Robert Shine capped a four-play drive with a 2-yard touchdown dash, Jordan Parks returned an interception for a Bulldog touchdown and Jayden Parks scored his second rushing touchdown of the half on a 22-yard scamper as the 'Dogs were in charge at intermission.

Rayshon Coleman scored early in the third quarter to pull Florala within 39-13 and pumped life back into the Wildcats, but the excitement again didn't last for long as only 15-seconds later the Bulldogs struck again, this time on a 68-yard touchdown toss from Jayden Parks to Jon Bush, as Brantley upped its lead to 46-13.

Trevon Pittman scored the final Brantley td on a 4-yard run, while Florala added two late scores on a 4-yard run by Johan Zamora and a 5-yard pass from Rayshon Coleman to Dalton Jackson, as the Bulldogs locked down the number two seed with the impressive 53-25 road win.

Jayden Parks completed 12 of 13 passes for 270 yards and 4 touchdowns to spark the Brantley offensive attack, while Jon Bush pulled in six passes for 170 yards and three touchdowns, and Cooper Layton led the defense with eight tackles.

ZC Bass Team finishes seventh in Oct. 22 tourney on Lake Martin

Beautiful weather prevailed, and the Zion Chapel Bass Team finished its third tournament Saturday, Oct. 22, on the Wiregrass Student Angler Trail for this season. Lake Martin once again challenged the team.

An old lake on the Tallapoosa River, Lake Martin has experienced many changes in the last few years. With mansions now lining the shores, the lake is now popular for its water sports. Even with these

changes, fishing is still good.

Zion Chapel team member Avery Padgett said it was a fun tournament. He and Ethan Young caught way more than their limit and were able to cull several. In fact, Padgett said they had an opportunity to win, but they just could not get her in the boat. It is obvious he has learned from the pros how to share a fish tale

the South Central Mental Health Board made a decision on location, and Mayor Maddox said in retrospect that is probably the way the matter should have been handled.

Board member Carlos Magwood added that he found out about the matter via reading a newspaper article, and he said he would have liked to have had prior knowledge since it involved a board he sits on as a member.

Following the discussions, the board did approve a motion to officially allow the transfer of \$131,742.82 to the city to have the matter recorded in the board minutes. The motion passed with five members voting in favor [Daniel Stephens, Carrie Whitworth, Jake Cowen, Carlos Magwood, and Neil Grantham]. Holley abstained from the vote.

The mayor assured board members that an issue like this should not happen again in the future as appropriate board meetings would be held.

Currently, the IDB financials show there remains \$161,206.40 in the bank account. Mayor Maddox asked the board to leave those funds in that account at this time [rather than transferring those to the city also] because he said there are two potential industrial development projects in the works for Elba.

Using code names for the projects, the board voted to enter an executive session to further discuss them as the mayor said both are still in negotiations and cannot be discussed publicly at this time. He did note the city had been working with the Wiregrass Economic and Development Corporation on trying to lure both projects to Elba, and he hoped more information would be available before the end of the year.

No further actions were taken Monday by board member following their exit from the executive session.

or two.

The ZC team had another top ten finish. With over 70 boats in the tournament, Team Padgett/Young finished in seventh place. They had their limit of five fish weighing 8.01 pounds.

Currently, the Padgett/Young team are in sixth place in AYO (Angler of the Year) points out of 80 plus teams in the race. They will fish their final tournament Saturday, Nov. 19, on the Wiregrass Angler Trail at Lake Eufaula.

In the meantime, they will fish their first tournament for this season Saturday, Nov. 12, on the Alabama BASS Nation Trail Tiger Division at Lake Guntersville.

As always, the team thanks Taylor Renfro for being their trusty captain and their coaches Dana Stinson Haley and Larry Campbell for helping them pursue their dream. However, none of this would happen without the financial support of their many sponsors.
